

HOW TO RESET YOUR DW SPECTRUM PASSWORD

To reset your DW Spectrum Password:

1. Through the Spectrum Computer Client:
 - a. Open the Spectrum client. At the top right, click on the cloud icon.
 - b. Enter your email address and attempt to put in your password. If the password is incorrect, you can click on the Forgot Password link at the bottom left (see picture).
 - c. Follow the instructions and it will send an email to the email address listed with instructions how to reset your password.
2. Please note: For security reasons Cottage Watchman does not have access to your password or DW Spectrum account. If you continue to have trouble with your account, please feel free to contact Cottage Watchman at: 574-594-2685.
3. If you have not yet created a free DW Spectrum account, you can click the "+Create Account" link at the username page.
