

How to Install Guard Viewer

Works for both Android and iPhones (Android was used in the photos below). If you need further assistance, please contact Cottage Watchman at 574-594-2685.

1. Install Guard Viewer:
 - a. Open your app store and search for **Guard Viewer**.
 - b. Install the app by tapping Install (or Get for iPhone).
 - c. iPhone: you may need your AppleID to install the app.
 - d. Once installed, open the app.

2. Agree to the Service Agreement. You may have to agree to other permissions to fully utilize the app (microphone, storage, etc.).

3. If you haven't yet, you may need to create a user. Tap Sign Up and follow the instructions provided.
4. If you have a login, enter your information here and tap Login.
NOTE: *If you just created your user, you will need to contact Cottage Watchman, so they can grant your account access to your cameras.*
5. Once logged in, you will be taken to the Live View page.
 - a. From here, you can tap the triple bars (top left) and access playback and other features.
 - b. You can also access your cameras (top right) and select which ones you want to view. Tap Start Live View at the bottom to view the cameras.
